Hello, I am Mrs Pounder- Science and STEM lead. I'd like to share some information with you all this week.

STEM is something relatively new. In fact, we have a fantastic STEM morning planned for Friday 15<sup>th</sup> December!

STEM stands for SCIENCE, TECHNOLOGIES, ENGINEERING and MATHEMATICS. It combines the skills and learning of these subjects and in fact leads to learning that is greater than the sum of its parts.

**Amongst many other skills STEM activities encourage teamwork, problem solving, innovation, imagination and resilience.**

**On Friday 15<sup>th</sup> December we will be completing lots of STEM activities based around the Polar Express and I'm sure we will have a wonderful time using our STEM skills and getting in the festive spirit**
